

NEW PLAN FOR HARD ROADS CONSTRUCTION

SMALL ANNOUNCES LETTING OF ROAD BUILDING CONTRACT

Fifteen Miles of Cement Road Let In Kane County—To Cost \$29,975 Per Mile—Governor Fires Hot Shot at His Critics—Says Delay Saved Thousands of Dollars

(By The Associated Press)

SPRINGFIELD, Ill., April 5.—Governor Small tonight announced award of the contract for approximately 15 miles of cement road in Kane county to the McCall Construction company of Chicago, low bidder when contractors' proposals were opened by highway officials today. The bid was \$345,000.

At the rate of which the Kane county road work was awarded Illinois will pay \$29,975 per mile for the first piece of hard surfaced road built under Governor Small's administration. In announcing the award the governor made a hot retort to his political enemies who criticized his action in rejecting much higher bids received in February.

Adoption by the administration of a modified cost plus "system" of road building relieving contractors of the necessity of paying higher rates for indemnifying bonds was announced by Governor Small as likely step which the administration will make. This he said, will reduce the cost further.

"It is only fair that the taxpayers of Illinois should know the fact that today, prior to the opening of the bids, the McCall Construction company was notified that if its bid was lower than its bid of February 18, bonding companies would refuse to guarantee their contract," the governor said.

Small Makes Statement.
Governor Small in announcing his decision to accept the proposal of the Chicago contractors said:

"As a candidate for governor in my inaugural address and at all times since I promised the pushing of good roads building, with all possible reasonable speed. But at the same time I always gave my pledge to the people of Illinois that their money would not be squandered upon the orders of material men, contractors or propagandists.

"These pledges I shall keep. This administration is not going to be bluffed, intimidated or coerced in matter of letting road contracts regardless of cost. It matters not to what extent the propaganda may spread, nor does it matter what influences may be behind it.

"We were condemned when the bids of February 18th were rejected. The propaganda inspired press of the state has filled its columns daily with criticism and condemnation. Yet the bid letting of today reveals the fact that thousands of dollars have been saved the state by the administration's determination not to be held up on February 18th."

New Plan Adopted.

Governor Small continued: "A new plan adopted in the letting of today's contract and to be followed in the future will, I am confident, not only make it possible for the letting of future contracts at favorable figures, but even reduce the figure of \$29,975 per mile which is the maximum possible cost to the state of the contract let today.

"This plan is a modification of the 'cost plus' system. The McCall Construction company of Chicago, the successful bidder guarantees to the state the completion of the approximate fifteen miles of road at the maximum price of \$345,000 or \$29,975 per mile.

"But the plan goes further. The company agrees, in its contract with the state to construct the road at actual cost and compensation is included. It is the actual cost of the work, plus the fifteen per cent compensation is less than the \$345,000 estimate the state will save that difference. But under no circumstances can it cost the state more than \$345,000, or \$29,975 per mile.

"As a matter of fact, we hope that the cost of this fifteen miles of road in Kane county will not exceed \$26,000 or \$27,000 a mile.

Give Small Builders Chance.
"This new plan will give the road builder of moderate means an opportunity to build roads for the state. In its development, the scope of the plan may be enlarged to a point where the state itself, may directly buy or furnish all material, thus giving further encouragement to the small contractor.

"The contractor under this plan is not compelled to pay exorbitant rates for indemnifying bonds. The rate which bonding companies charge to insure the (Continued on Page Four.)

PREMIER GEORGE STATES POSITION OF GOVERNMENT

Characterizes Coal Situation as Dangerous Dispute

ASKS MINERS
TO AID IN CRISIS

(By The Associated Press)

LONDON, April 5.—Premier Lloyd George replying in the house of commons today in the debate on the coal situation declared that what all wanted was to arrive at pacification in a very dangerous dispute, if it could be done in a way compatible with the interests of the nation as a whole.

He contended however, that subsidizing a great industry out of taxation was wrong in principle and completely indefensible especially at the present time in view of the heavy taxation and the condition of the exchequer.

He realized that the loss before March 31 on government control of the mines was more than £1,000,000 weekly, which would mean a loss of £100,000,000 if the arrangement was not terminated. If it had been purely a question of extending control one month said Mr. Lloyd George, the extra burden on the taxpayer to avoid calamity would be justified but there was no guarantee at the end of the extension that they would not have been faced by the same position.

The premier said the government could not enter upon negotiations on the expectation that it could recommend the maintenance of the industry thru taxation or on the assumption that it would be possible to resume control. Outside of these limitations there was a wide field for discussion.

The government would be willing, continued Mr. Lloyd George, to undertake anything it could do in promoting an understanding between the miners and the owners but it was essential that the miners should give every facility and assistance to prevent the pits from being destroyed.

He hoped the leaders of both parties, with or without government representatives would meet immediately and try to arrive at a permanent settlement so as to prevent a repetition of those disputes which menaced the whole industry of the country.

J. H. Thomas, secretary of the national union of railway men spoke strongly for the workers. He asserted that the wages offered the miners were the equivalent of eighteen shillings a week before the war.

"There is a deliberate and unanimous opinion in the mind of the workers," said Mr. Thomas "that this is only the first of a determined effort to reduce the level of the standard of life. The railwaymen say today:

"If the strikers go under we are the next line of defense, and we will follow."

"The odds are overwhelmingly in favor of this dispute spreading, and those who grimly talk of a fight to a finish may to what fighting it out really means."

SENATOR REED SAYS WE MUST BE ON GUARD

KANSAS CITY, Mo., April 5.—"If we are to protect our homes and civilization, we must be on guard," was the theme running thru an address before the Patrick Henry club today by United States Senator James A. Reed of Missouri, in which he denounced the European nations, declared against disarmament unless universal, and made a plea that this country continue its traditional policy of aloofness from what he termed "dangerous alliances."

Touching upon the Irish question, the Missouri senator described what he said was a cruel policy being maintained by the British government against the Irish people and added, "any nation that murders Ireland, I cannot trust."

ENDORSE ARCHBISHOP OF CANTERBURY'S PROTEST
LONDON, April 5.—Endorsing the archbishop of Canterbury's recent protest in the house of lords against reprisals in Ireland, nine bishops and heads of the principal non-conformist churches in Great Britain have sent a letter to the premier and Irish secretary, pleading for an end to the present situation.

DUKE AND DUCHESS REPORTED DIVORCED: It is said the Duchess of Manchester, the former Helena Zimmerman, of Cincinnati, has been a decree of divorce. It has been known for some time that the Duke and Duchess of Manchester were not any too happy, and it was reported, shortly after the war, that both had endeavored to patch up their differences, but apparently the attempt was unsuccessful.

Election Passes Quietly in Chicago

(By The Associated Press)

CHICAGO, April 5.—Complete unofficial returns in today's city election placed candidates backed by Mayor William Hale Thompson ahead in three wards, behind in two, while in a sixth there was no contest, a Democrat going into office. Democrats were elected city clerk and city treasurer, the mayor apparently making no fight in these offices.

Altho not officially a mayoralty election, Mayor Thompson was re-elected, several thousand persons writing his name on the ballot. The mayor sent word to the election officers this morning that in order to comply with a technicality in a recently passed state election measure, electors should write in their choice for mayor.

The bill had been interpreted by some to mean that Chicago would have to hold a mayoralty election this spring. In almost every instance where a name was written in, it was Mayor Thompson's, but only a small percentage of the persons voting cast a mayoralty ballot.

The complete unofficial aldermanic returns follow:
Twenty-fourth Ward
Brierley (Ind.) 5,609
Dorney (Thompson) 5,002
Twenty-sixth Ward
Hendricks (T.) 9,012
Hoellen (Ind.) 7,938
Seventeenth Ward
Adamkiewicz (Dem.) 3,330
Doveraux (T.) 4,471
Twenty-ninth Ward
Kovarik (Dem.) 7,265
O'Connell (T.) 4,407
Thirtieth Ward
Horan (Dem.) 9,888
Shaffer (T.) 10,163
Timothy Hogan was elected in the Fourth ward without contest.

In the Thirtieth Horan claimed that his tabulation of returns showed him elected over Shaffer, while Downey also claimed victory in the Twenty-fourth.
James T. Igoe and Clayton Smith, Democrats, were conceded the election as city clerk and city treasurer, respectively, when about one-half the ballots had been counted.

The election, while unusually quiet, was not without incident. St. Louis, Mo., April 5.—Mayor Henry W. Kiel, Republican candidate for re-election, tonight led James W. Byrnes, his Democratic opponent, by 3,240 votes in today's mayoralty contest, with 110 out of 600 precincts reporting. The unofficial vote was: Kiel, 16,472; Byrnes, 13,232.

KIEL WINS AGAIN
St. Louis, Mo., April 5.—Mayor Henry W. Kiel, Republican candidate for re-election, tonight led James W. Byrnes, his Democratic opponent, by 3,240 votes in today's mayoralty contest, with 110 out of 600 precincts reporting. The unofficial vote was: Kiel, 16,472; Byrnes, 13,232.

CALKINS DEFEATED FOR
FREEPORT MAYORALTY
Freeport, Ill., April 5.—William L. Calkins, mayor of Freeport, was defeated for re-election today by Albert N. Stephan, who received a majority of 1,546 votes. Both men ran on non-partisan tickets.

MADSEN RE-ELECTED
AT DANVILLE
Danville, Ill., April 5.—Mayor Claude P. Madden, Democrat, was re-elected today over Colfax T. Martin, Republican, by 3,575 votes.

The Democrats also elected a city clerk and two additional aldermen, giving them a majority in the city council for the first time in fifty years.

WANT PROVISIONAL
GOVERNMENT IN CUBA
WASHINGTON, April 5.—Formal appeal for the establishment by the United States of a temporary provisional government in Cuba to supervise new general elections there was made today by the state department.

Persons caught violating the new state law are to be treated as ordinary felons, said the police officers. They are to be arrested, arraigned before a city magistrate and requested held for a grand jury.

Patrolmen were ordered to apply immediately to a city magistrate for a search warrant whenever they learned liquor was being sold.

HERE IS GOOD NEWS
FOR THE PUBLISHERS
Minneapolis, Minn., April 5.—The board of directors of the Minnesota and Ontario Paper Company today announced a further reduction of \$17 a ton on newsprint paper to publishers.

This concession together with that of \$8.00 per ton made on January 1, reduces the price from \$135, as fixed by contract until July next, to \$113 per ton for the next three months.

PRESIDENT SAID TO NOT APPROVE PROPOSED PLAN

Has Not Committed Himself To Any Definite Program

MUST PROCEED WITH
GREAT CARE

(By The Associated Press)

WASHINGTON, April 5.—Whatever may be the expectations of Republican senators who want an early declaration of peace with Germany, it was made known authoritatively today that President Harding had not thrown the influence of his administration behind the movement but was inclined to look with disapproval on any prospect of precipitate action.

It was revealed that the president had not, in fact, committed himself to any definite program for the restoration of peace, though he was said to be leaning more and more to a belief that the Versailles covenant cannot in any practical way be used now as a basis for his association of nations. He is canvassing the situation carefully and altho a part of his program may be decided on soon it probably will be many weeks before it is revealed in entirety.

In his consideration of the peace resolution which some of the senate leaders went to press to an early passage in the special session of congress convening Monday, Mr. Harding is understood to have taken the position that in the settlement of so important a question the nation must proceed with care and prudence.

It is said that he has not withdrawn the approval he gave the resolution when he supported it in the last congress but is convinced that the present situation does not require haste so much as it requires painstaking deliberation.

Delay May Be Better.

The administration has not revealed what elements are involved in the determination of its attitude, but there have been indications that it would consider itself in a better position to make advances for an association of nations if the peace declaration were delayed. Intimations have come to officials here that some of the leading allied statesmen would consider passage of the measure a great handicap in the negotiations for a peace concert weakening the position of the American government with its former associates in the war and making them less susceptible to American suggestions.

At a dinner here last night some of the senators most prominent in foreign relations are understood to have informed M. Viviani, the former French premier who is visiting here, that his government need not hope that a peace declaration would be long delayed. They plan to bring the measure quickly into the program of the special session and they express unbounded confidence that it will be adopted quickly.

WILL TRY TO MAKE
NEW YORK BONE DRY
(By The Associated Press)

NEW YORK, April 5.—Another campaign to make New York "bone dry" was launched today. This time it is Police Commissioner Enright's 11,000 men who are called upon to clamp down the lid and then sit on it. With the signing yesterday by Governor Miller of the state law putting prohibition enforcement directly to the local authorities, campaign plans were drawn at police headquarters and issued today from the chief inspector's office.

Persons caught violating the new state law are to be treated as ordinary felons, said the police officers. They are to be arrested, arraigned before a city magistrate and requested held for a grand jury.

Patrolmen were ordered to apply immediately to a city magistrate for a search warrant whenever they learned liquor was being sold.

GOVERNMENT PLANS TO UNITE SOLDIER RELIEF ACTIVITIES

Dawes Says Most Essential Thing Needed In Care of Ex-Service Men Is Speed—Some Cases Must Have Immediate Treatment Else It Will Be Too Late

(By The Associated Press)

WASHINGTON, April 4.—Progress in solving the government's problem of caring for ex-service men whether sick or disabled or physically fit but having financial claims to be adjusted was made today at the first meeting of President Harding's special commission, headed by Charles G. Dawes of Chicago and appointed to inquire into the situation.

It was unanimously agreed that the administrative machinery, now operating separately in the several fields of soldiers' relief, should be consolidated under central authority probably a new executive officer who would be responsible directly to the president.

Heads of all the bureaus having to do with treatment of the war and Colonel F. W. Galbraith, Jr., national commander of the American Legion said they favored the general idea of a consolidated service bureau.

This endorsement, Chairman Dawes said promised quick solution of the problem as it related to the general administration of aid for men who are alleged to have suffered, under the system of divided governmental responsibility.

Speed Is Needed.
"The essence of the whole thing," Mr. Dawes said in discussing the work of the investigating commission is speed. Something remedial should be done without delay without waiting for construction of permanent hospitals. Soldiers now without treatment will have passed the stage where hospitals will help them if we wait."

It was stated authoritatively tonight that the commission would complete its investigation and present its recommendations to President Harding by the week end.

Dr. Thomas W. Salmon of the Rockefeller Institute, told the commission that one-half of the government's beds were unsuitable for tuberculosis cases. "We know there are 4,000 such patients," he said, and 5,000 mental sufferers who are today without treatment by the government because they refuse to go into charity and state institutions."

The question of hospital facilities was thrashed out at length and resulted in a request from Thomas W. Miller, alien property custodian and former colonel in the army that Chairman Dawes' poll of the commission to ascertain whether it favored asking congress to increase its last appropriation of \$18,600,000 and provide a permanent hospital program.

The question was unanimously endorsed with the proviso that the request be made in case the agreement for a consolidated service is incorporated in the final report submitted to President Harding.

Former Premier Vexed.
M. Viviani is understood to be vexed by attempts which have been made to interpret the conclusions formed by him during the course of his conferences with governmental officials, representing in his statement that no one was authorized to speak for him but himself.

While the former French premier has made it plain that he has offered no suggestions on behalf of the French government which could be interpreted in any way as an attempt to influence the foreign policy of the United States it is known that he has not yet been convinced in his conversations with American officials that the conclusion of a bare separate peace by the United States with Germany would best afford France that "moral support" which it is his mission to obtain.

In presenting the viewpoint of France regarding the unfavorable reaction which the declaration of a separate peace by the United States might have upon the relations of France with Germany, the French envoy is understood to have taken the position that he was not exceeding the limit of his mission which he has stated was that of presenting the cause of France to America.

MARINE AIRPLANES REACH CUBAN TOWN
Washington, April 5.—The two marine corps airplanes which are enroute from Washington to the Virgin Islands reached Camaguey, Cuba, from Havana today, the navy department was informed tonight in a radio message. The machines made the trip from Miami, Fla., to Havana, Monday afternoon. Machines and fliers were reported in excellent condition.

For more than two years the Democratic Administration postponed payment of obligations to railroads and shipbuilding companies and immense amounts of accumulated obligations are left for the Republican Administration to pay. Later, the Democratic press will point to the payment of Democratic obligations as an evidence of Republican extravagance. But few will be misled.

RADICAL REDUCTION.
That St. Louis brick company that reduced prices 50 per cent gave a decisive answer to complaint frequently made because the cost of building materials has not been lowered. The radical reduction by this company will no doubt be followed by others. With such action becoming general, the period of readjustment is rapidly passing.

A RECORD THAT WILL LIVE.
It is noticeable that all references to the late Mrs. George M. Pullman lay emphasis upon her benevolence, her liberality and works of mercy, especially those related to child life. Modesty seems to have marked her life and altho without doubt one of the wealthiest women of the U. S., her prominence was more than that which comes merely from wealth. So her good works will live after her and the benefits of some of the charities she fostered will increase instead of diminish with passing time.

THE POWER OF PROPAGANDA.
Two well known farmers were talking one day recently about the influence of "propaganda." They were of one mind that the influence thru "propaganda" is almost limitless. Several instances were cited to prove the statement and then the discussion of the subject turned to its relationship to prices that affect the farmer. Those who study the situation can readily see that there is a great deal in the psychology of price reduction—that the talk about the necessity of lower prices and the campaign for same buying are both large factors to be taken into consideration.

"Kicking and complaining about prices," said one of these men, "has little effect so long as you continue to buy, just in the same old way. But if you stop kicking and then either suspend

buying altogether or cut your purchases to a minimum, then you can begin to see the effect."

But the farmer's complaint is that the propaganda used against him for reduction in prices of products has been too severe. The result is that the price of corn today is only about 25 per cent of what it was a year ago. Grain men do not take a hopeful view of the future and maintain that no increases are in sight—that the surplus stocks on the farm, the congestion in terminal elevators, the lack of both foreign and domestic demand and "propaganda" have done the work. On the other hand, some hopeful grain growers maintain that some time the bottom must be reached and the reaction set in.

A DELAY THAT PAID.
Gov. Small has been the object of continuous attacks from the Chicago Tribune since his decision to abandon road building until better prices were obtainable. However, the governor is not thin-skinned and has given no indication of heeding the continued criticism. Now his course is justified for the bids opened yesterday by the department of public works show a decided reduction over the bids submitted only a few weeks ago. Now it looks as if the figures are the kind the governor can approve and roads can be built this year.

On the basis of the bids made yesterday millions of dollars can be saved the state by comparison with the figures submitted at the earlier date.

DIETZ STATEMENT BACKS CANDIDATE

Moline Man Urges Voters to Support Nominee of Monmouth Meeting.

Cyrus E. Dietz, Moline attorney who was in the race for the supreme judgeship from the Fourth district of Illinois has issued a statement supporting the candidacy of C. E. Chipperfield of Canton, nominee of the Republican convention at Monmouth.

Mr. Dietz was moved to make his statement, it is reported, by articles in the Chicago newspapers in which certain Illinois Republican readers outside this district were cited as supporting the candidacy of the opponent of Mr. Chipperfield, Judge Floyd E. Thompson. Mr. Dietz questions the right of an outside politician to recommend the way in which the members of his party in this district are to vote. The statement follows:

Under ordinary circumstances public statements of a defeated candidate are in good form. The present situation, however, is extraordinary, and the Republicans of our district are entitled to know my views. It is plain that mysterious influences from without the district are at work within the district. Unnatural and unexplainable endorsements have been made of which the people of our district ought to be suspicious and against which they ought to be warned. All Republicans and all good citizens who look for guidance to the ideals and principles of John Marshall rather than those of Thomas Jefferson, of Abraham Lincoln rather than those of Stephen A. Douglas, of William McKinley rather than those of Theodore Roosevelt rather than those of Woodrow Wilson, should become awake to the fallacy and menace of non-partisan arguments.

It is true that there should be no politics in the supreme court. The unfortunate is that certain politicians have circulated rumors which indicate that there is politics in the supreme court, and members of that court are trying to influence the election on June 6. That is unbelievable.

At any rate, certainly if I had been fortunate enough to be the nominee I should have much preferred to have had the confidence, support and the endorsement of the good people within the district instead of the endorsements from without the district. I heartily and enthusiastically endorse the nomination of Claude E. Chipperfield, the choice of the Republican party, the party which represents the controlling statehood in Illinois. He has of superior as a lawyer. I have the acquaintance of no man who more nearly approaches the true type of an American jurist. I am willing to guarantee his unimpeachable integrity with my own honor.

I thank everybody from the bottom of my heart for the honor and confidence expressed in their loyal support of my candidacy. I am sure that all of my friends and supporters will give to Mr. Chipperfield the same wholehearted and enthusiastic support which we would have expected him and his friends to—and which I had every assurance they would—have given me, had I received the nomination.

Respectfully submitted,
Cyrus E. Dietz.

OLD JACKSONVILLE

GEORGE C. VAUGHAN
(BY ENSLEY MOORE)
Vice President Illinois State Historical Society

Some one, some years ago, glinting toward poetry, wrote: "Few are the men who live today."

And by experience know The toils and trials of frontier life.

Of fifty years ago."

and so we have gotten back to the beginning of settlement in Morgan county.

Among those who hewed, or fought, or found his way to success in this state and region, along in those days, was

George C. Vaughan

He was a native of Dinwiddie county, Virginia, where he was born about six miles from Petersburg, April 6, 1816, over a century ago.

His father was John Elliott Vaughan, a farmer and carpenter, long time resident in that county above named.

John Elliott Vaughan served under that other Virginian, George Washington, and it was said of Vaughan that his military "career was one well worthy of mention." So George C. had a rich inheritance of patriotism, one greatly to be proud of. The elder Vaughan lived long enough to see the triumph and development of the principles of liberty, for which he had contended. He resided on a highway called the Vaughan road, because so many persons of that name dwelt upon it.

Schooling Was Scarce
so George C. had little opportunity, for the nearest school house was too far off for his young legs to carry him to it. When he was quite young, his father moved to Logan county, Kentucky, but, after living there a few years, John E. Vaughan followed his great commander into the realms of glory. George was compelled to leave home and go to school, and under the unpleasant and severe rules of that day he had experiences which do not come to the young in these days. He went to live with a man, it is said, who agreed to school and clothe the boy until he was of age. This agreement was very poorly kept, and the boy was forced to labor hard from morning to night.

George took "French leave" one morning, on his way to feed his master's stock, and followed the road leading into Todd county. He stayed there a short time, when he met with some men named Lyon and Horn, driving a

bunch of sheep to Illinois, and he engaged to go with them, helping to drive the stock to Illinois.

In Illinois

In this way George reached Carlinville, this state, but started on foot to Quincy. On the way, he met his brother, near the little settlement of Columbus, Adams county, and remained with his brother for several years. He got there the fall before the "deep snow," 1830, and learned of its hardships. "Many of the people had to dig out of their cabins." Before that, he had hauled the first load of logs used in constructing a cabin in Columbus. While the snow lay on the ground Mr. Vaughan drove a team over a stake and rider fence. This was a common proceeding during that winter.

Comes to Morgan
Mr. Vaughan came to this county in 1837, and at once commenced working for farmers. And his continued industry brought the reward which comes to it, when well directed. For, about 1894, he purchased his homestead, near Arcadia, to which he added until in a comparatively short time he had over 400 acres of our splendid soil.

Vaughan's Marriage
took place in 1839, when he became the husband of Miss Rachel Gwynn, daughter of Jacob Gwynn of Morgan county. His wife lived about twelve years, leaving Mr. Vaughan with five children. Mr. Vaughan was again married, in 1860, to Miss Margaret Campbell, daughter of Peter Lyle Campbell, of Schuyler county. Mr. Campbell was an old settler of this state.

A Strong Man
George C. Vaughan became a strong man, in spite of all the hardships he had been through, and could attend to any labor on his farm, even after passing the prime of life. He was also a man of strong opinions, which he did not hesitate to express on proper occasion.

It was said of him: His energy of character, added to his industry, has made his life a successful one. He can be contemplated with joy the change in his condition, since, a poor orphan boy, he started on his journey to the Prairie State.

Such labor and attention to business will almost always lead to success and competence in old age.

COMPLETE QUIZ OF R. R. PRESIDENTS

Besler and Byram are Cross Examined by Frank P. Walsh—Both Declare Local Rules Were More Desirable.

CHICAGO, April 5.—Cross-examination of two railroad presidents was completed before the railroad labor board in the general rules hearing by which the employees seek continuation of the national agreements.

W. G. Byram, president of the Central Railroad of New Jersey, and H. E. Byram, head of the Chicago, Milwaukee & St. Paul, were on the stand yesterday and today.

Questioned by Frank P. Walsh, union counsel, both agreed that some rules were necessary, if properly applied, and both declared the rules negotiated by the individual roads with their own employees were desirable.

Frank McManamy, assistant general of the federal general railroad administration, is scheduled to appear before the board tomorrow to tell what he knows about the negotiation of the national agreements in which he represented the government.

A. L. BOWEN RESUMES NEWSPAPER WORK

After Twelve Years in State Service Assumes Position on Springfield Journal — Editorial Gives Interesting Viewpoint.
A. L. Bowen, who has spent twelve years in the department of charities and corrections, not long since resigned his position to become managing editor of the Springfield Journal. In an editorial recently, Mr. Bowen gives some expression to the joy and satisfaction he feels in being once more "back home." Before entering upon the period of public service Mr. Bowen was accounted among the prominent newspaper men of the state. Below are paragraphs from his first editorial since entering upon his new position, and the words are written from an abundant experience and interesting viewpoint:
Is Unhappily
Return unhappily from office holding is a phenomenon. The returning hero generally shows up on the point of somebody's boat, inasmuch as none die and few resign, and spends the rest of his years devising some plausible excuse to cover his discomfiture. Sliding into public office is an exhilarating pleasure. It makes the goose pimples of joy stand out as big as hickory nuts, but getting out of public office almost always is a ripping of the tissue and a grinding of the bones.
"Whether one is booted out of the back door or leaves by the front door, the departure is painful. Why office holding is so fascinating was not explained to me in my eleven years' experience. I have no explanation. It would be futile to try it.
"My departure, by good fortune, has been by the front door and of my own choice. But the same question that has puzzled every escaping office holder puzzles me; 'why did I do it? why did I continue to do it so long?' Has ever man held office, high, low or intermediate, who has not at some time exclaimed: 'Ye Gods, why am I here?'
Have Been a Revelation.
"Safe and sound I am resurrected and back on the old home place. I may bear with me for sometime to come the scent of my burial robes. I expect to find myself prone to write about what I have seen and heard in my ramblings among the strange scenes and strange peoples of the abnormal world, but I shall try to avoid it.
"My journeys have been a revelation. Who knows what the tragedies of life are, what the sufferings of our fellow men; what the secret griefs that huddle about our neighbors' fire place; what the skeletons that rattle in every man's closet? Let him study the inside of our institutions and all that is related to them and he will know misery.
"One may not travel intimately in these worlds without experiencing some queer sensations that may make a lasting bad impression. Men who have long worked with the insane have themselves become the patients of others.
"It is not strange that after years in this abnormal world, many of the experts begin to think that it would be more nearly proper to segregate those who are now out and give liberty to those who are now in. It is not strange that they advocate with serious faces what appears to the rest of the world to be ridiculous. They go about speculating how this or that lame man came by his lameness. They analyze their neighbor's children to determine whether they are mentally at par. They look into every man's eyes and listen keenly to his words to detect the first signs of paresis and then whisper, 'I wonder where he got it? He's such a fine fellow; pity, isn't it!'
The New Atmosphere.
"The atmosphere is depressing. Only a keen sense of humor will neutralize it. The serious mind should remain away. It is an insidious influence that works continuously and claw at the soul. Gradually I felt its tightening hold upon me. These subjects began to have a serious mien.
"Why do some men wear fur on their overcoats?
"Why do some men wear big sombrero hats when sailors are in order?
"Why do perfectly respectable old ladies paint their faces, marcel their hair and wear 'them' knee high?
"Is there a criminal type?
"Why do children lie?
"Does poverty create crime or crime poverty?
"Was Nero a psychopath, or a moron?
"Is genius a phase of mental disease?
"Did Napoleon lose Waterloo because he had an epileptic fit at the critical moment?
"Well, I was getting that way myself; so I escaped: literally ran away from the mad houses that are mad and have returned to the mad house that's perfectly sane.
"Maybe, I would have waited for the boot, if I had been secretary of state, or a fish commissioner, or an inspector of doctored dairy cattle instead of an inspector of other people's tragedies; for job holding is a mighty attractive business."

FUNERAL OF MRS. S. G. HANBACK AT GLASGOW

Largely Attended Funeral Services Held Tuesday Afternoon for Late Resident — Other Scott County News Notes.
Winchester, April 5.—The funeral of Mrs. S. G. Hanback occurred at Glasgow at 2 o'clock Tuesday afternoon. The services were largely attended by relatives and friends of the deceased, who was held in very high esteem in her home community. Rev. W. R. Johnson was in charge of the services, which were of an impressive kind.
The flowers were in charge of Misses Hettie, Gladys, Mildred, Nellie and Veta Hanback and Miss Virgie Smith. The pall bearers were Oscar and Casper Killbuck, Bert and Harry Northrup, William and Harold Hanback.
News Notes
C. M. Danners, wife and son, were called to Astoria Tuesday by the death of Mr. Danner's aunt. They made the trip by automobile and were accompanied by John Peak and wife, Mr. and Mrs. Peak will visit at the home of Dr. Ora Campbell and wife.
Floyd Violette and wife returned Monday to Winchester, after a trip to Texas.
Mr. and Mrs. William Balslev entertained a small company of friends Monday evening at their home, in honor of Mr. and Mrs. Violette. Cards furnished amusement during the evening and at a late hour delicious refreshments were served.
The homes of Mr. and Mrs. Samuel Peak and Mr. and Mrs. George Cohagan are being remodeled and will be greatly improved when the work is completed.
George Cowhick, Jr., is confined to his home on account of illness.
S. W. Babb of Jacksonville, was a business visitor here Tuesday.

MA. SOUTHERN TRIP ON NEWSPAPER SPECIAL

E. Kessinger of Rome, N. Y., is spending a few days in Jacksonville as a guest at the home of Mr. and Mrs. A. M. Masters. Mr. Kessinger is the sporting editor of the Sentinel of Rome, N. Y., which is owned by his father, A. C. Kessinger. He was with members of the National Editorial association on their southern trip, which occupied three weeks and took the newspaper men into Florida and across the water to Havana, Cuba. The people of all the cities in the south which were visited extended many courtesies to the newspaper representatives. Mr. Kessinger is just returning from this very pleasant southern trip.
R. S. Wood from east of the city drove to town Tuesday afternoon.

Experienced Mothers know the wisdom of assisting nature before Baby's coming.

It is natural to think of the expectant mother's influence upon the unborn babe. Her food, her habits, her hygiene, and even the condition of her mind, all have a part in determining the well-being or ill-being of her infant before birth.
No woman awaiting the joys of coming motherhood should allow the days to pass without giving nature a helping hand—because the conditions of pending motherhood, existing as they do, over a protracted period of months, create almost a new state of being for a woman.
Just as she prepares herself for it, so will most favorable conditions prevail when her child is born.
MOTHER'S FRIEND is a balm for the nerves, an intensely penetrating lubricant that softens the muscles, relaxes tension of the delicate organism involved in maternity, and prepares the way for an easier, quicker and practical delivery.

MISS STILLMAN IS VISITING IN ELKHART

Guest of School Chum, Miss Elizabeth Keays, Near That City—Newspapermen Denied Admission to Keays' Home.

SPRINGFIELD, Ill., April 5.—Miss Anne Stillman, 19-year-old daughter of James A. Stillman, New York banker, whose sensational charges against his wife, Mrs. Anne U. Potter Stillman, in their divorce case attracted nationwide notoriety, was discovered today at the country home of a school chum, Miss Elizabeth Keays, near Elkhart, Ill.

It was said at the Keays home that Miss Stillman had been there over a week, despite rumors that she had fled to the north woods hunting lodge of Harold F. McCormick, Jr., of Chicago, near Gordon, Wis. Hiram G. Keays, wealthy Logan county farmer and father of Miss Stillman's chum, denied that Miss Stillman had fled to escape publicity in connection with her parents' divorce case.

Newspapermen were denied admission to the Keays' home to interview Miss Stillman. Members of the Keays family said she was only making a spring visit with Miss Keays, with whom Miss Stillman attended school at Middlebury Conn. Miss Stillman was one of the last guests entertained at the Illinois executive mansion by Miss Harriett Lowden, daughter of former Governor Lowden, before the Lowden term came to an end.

Williston, N. D., April 5.—The State Bank of Williston, capitalized at \$25,000, has been closed by the state bank examiner, it was announced tonight. Inability to meet demands of the Bank of North Dakota is said to be the principal reason.

PREMIER BRIAND PAYS TRIBUTE TO UNITED STATES

Henry de Jouvenel Says Wilson Could Have Prevented War

FRANCE INTERESTED IN RUSSIAN QUESTION

PARIS, April 5.—(By The Associated Press)—Premier Briand paid a tribute to the loyalty of the United States in resisting insidious overtures by Germany, in the senate this morning and served notice that if Germany continues to resist payment of the reparations after May 1, France will lay a strong hand upon her neck.

Henry de Jouvenel, chief editor of the *Matin* who preceded M. Briand on the Tribune, declared that if President Wilson had intervened at the end of July, 1914, he could have prevented the war. M. de Jouvenel added that the United States must intervene now in the economic problem that will definitely be brought up after May 1 to save civilization a second time.

M. de Jouvenel pleaded with the premier to ask the United States that in case it decided later to consider a resumption of business relations with Russia, France be admitted as a party to the negotiations in order to protect the interest of the French people, who loaned billions of francs to Russia before the war to build railroads and develop its economic installations generally. He added:

"Cannot M. Viviana (former premier, who is in Washington) now ask President Harding since priority for our damages was refused, and since we have no guaranty for our debts from Russia whether it would not be propose to consider the status of the French debts to the United States contracted for the common interest?"

SUGGEST NORWAY'S CLAIM BE SETTLED BY HAGUE TRIBUNAL

Note Is Sent By Secretary Hughes Making Suggestion

UNITED STATES REFUSES ARGUMENT

WASHINGTON, April 5.—(By A. P.)—Suggestion that Norway's claims against the United States for ships requisitioned during the war be adjusted by arbitration before the permanent court at The Hague, was made by Secretary Hughes April 1, in a note to Minister Bryn of Norway, here, it was learned tonight. At present a special Norwegian commission is on its way here for the purpose of reaching a settlement of the claims.

Chairman Benson of the shipping board, explained tonight that an allowance of \$14,157,000 was made by the board for a number of contracts for ships under construction in this country for Norwegians, which were taken over by this government during the war and completed. Norway, however, it was said, expressed dissatisfaction with the amount, contending that allowance should be made for the speculative value of the contracts, due to the increased price of tonnage during the war.

The board refused to accept the argument and referred the question to the state department for adjustment.

AUTOMOBILE CASES ON TRIAL IN DETROIT

(By The Associated Press)

DETROIT, Mich., April 5.—Seven persons of the original 12 who were charged with conspiracy to violate the federal automobile act remained on trial in United States district court here tonight when the first day of the trial was concluded. Of the nine defendants who appeared this morning, one had pleaded guilty and the case against another had been dismissed because of lack of evidence.

Eugene F. Shanley automobile dealer of Bridgeport, pleaded guilty when the trial started today and was sentenced to two years in Leavenworth. Three others Almon C. Easton, Belle Warner and William J. Halpin, pleaded guilty some time ago and now are serving sentences of two years each in the Michigan state penitentiary. The defendants are charged with having been members of a ring that stole automobiles in this city, took them east and shipped them to Scandinavian countries for sale.

RESENT REMARKS OF COMMANDER IN CHIEF OF G. A. R.

Members of Massachusetts Legislature Issue Statement

MADE REFERENCE TO IRISH AMERICANS

(By The Associated Press)
BOSTON, April 5.—Reference to Irish-Americans made by William A. Ketcham of Indianapolis, commander in chief of the Grand Army of the Republic, in an address to the state house of representatives today resulted in the signing by more than 40 members of the legislature of a statement expressing resentment at this remark.

Mr. Ketcham—who came here to attend the Massachusetts G. A. R. encampment in his address urged the legislators to see that "what was won on the battlefields of France is not lost in this country."

"We don't want German-Americans, Irish-Americans, or Russian-Americans," he said, "but just plain every day Americans," adding that he was conscious that he was speaking in a city in which there were more Irishmen than in Dublin.

The statement signed by the legislators set forth that "we, the undersigned members of the legislature vigorously resent the remarks made by W. A. Ketcham, national commander of the Grand Army of the Republic," in reference to Americans of Irish extraction.

"We are convinced," it added, "that the ore too many members of Irish birth and Irish descent, members of the G. A. R., to allow any man to express the sentiments given by Commander Ketcham."

SMALL ANNOUNCES LETTING OF ROAD BUILDING CONTRACT

(Continued from Page One.)

fulfillment of contracts amounts to one and one-half per cent or \$900,000 for the \$60,000,000 voted to build the road system. This at the price the contract was let today, would build thirty miles of concrete road. By adoption of this plan the costs of bonds can be greatly reduced.

"The state will accept satisfactory personal bonds affording complete protection. Bonding companies will not be permitted to 'chop up' the state on its road building program."

"This administration is going to carry out the road building program as rapidly as it is humanly possible to do so. It is not going to squander the \$60,000,000 road building fund. As nearly as possible it is going to get a dollar's worth of roads for every dollar spent."

LOAMI HAS WOMAN TOWN CLERK NOW

(By The Associated Press)

SPRINGFIELD, Ill., April 5.—Anna Fitzhugh of Laomi, claims the honor tonight of being the first woman town clerk to be elected in Sangamon county. Practically complete returns tonight show her elected by a safe margin over the male contender for the place.

A Republican gain in supervisors is the result of the county election. Thirty-seven Republicans were named, fourteen Democrats and one Labor candidate.

Eugene Bone, former state official of the Knights of Pythias, and Mrs. Susan Child, were elected members of the board of education over John C. Friedmeyer and Mrs. Ida M. Hanes, who both ran for re-election. The fight against them was waged by the School Teachers' Federation. Principal among the objections urged against them was the fact that Mrs. Hanes' son had been given a profitable job as school architect, at which he is said to have made \$14,000.

Three bond issues were carried by a vote of two to one. One is to provide additional fire equipment and motorized street cleaners and one of the others to provide \$25,000 for expenses of arbitrating the cost of the electrical equipment of the local utilities company, which the city is to acquire.

GENERAL MOTORS SHOWS FALLING OFF IN RECEIPTS

Net Earnings of 1920 Several Millions Below 1919

PRESIDENT DU PONT DISCUSSES OUTLOOK

NEW YORK, April 5.—The annual report of the General Motors corporation for 1920, issued today, showed net earnings of \$82,762,063, against \$103,667,700 in 1919. The amount earned on the common stock was \$32,129,949, as compared with \$55,792,972 in the preceding year. The company's surplus account showed a large increase, amounting to \$121,273,217, against \$78,641,897 in 1919. The total assets of \$604,806,868, compared with \$469,737,345 in the preceding year. The regular quarterly dividend of 25 cents per share on the common stock and regular dividends on the outstanding issues were declared.

Discuss Outlook
Discussing general business conditions and the outlook, President Pierre S. DuPont said:

"In the early months of the year 1920 there was promise of increasing sales and net profits. As stated above, the volume of sales reached this expectation, notwithstanding the sudden diminution of business during the latter quarter of the year, but the net profits fell somewhat short of the previous years' record, although far in excess of any other year of the corporation's history."

"The dullness of the latter months of 1920 has continued during the early months of 1921, but as this report goes to press there is evidence that the year will show a substantial recovery and a reasonably satisfactory business with foundation well laid for future prosperity."

FRUIT GROWERS PLAN MARKET SYSTEM

Chicago, April 5.—Two hundred representatives of the Fruit Growers of the country today voted to appoint a committee of twenty one to draft plans for a national co-operative marketing association. **CIRCUIT COURT ORDERS
ENTERED BY JUDGE JONES**

Business of the February Term Finished Yesterday — May Term Next In Order.

Judge Norman Jones was in Jacksonville yesterday to finish up the business of the February term of the circuit court. Most of the docket entries were on the chancery side and the court made a large number of orders. Judge Jones is to return in May to preside during that term. The following orders were made:

Law.
In the trespass suit of Vernon Baker vs. H. C. Moorman, and the International Livestock Remedy Co., and Edward Landreth, the plaintiff filed additional counts and rule was entered requiring the defendant to plead by May 1.

In the assumpsit suit of Edward P. Quinn vs. the Modern Woodmen of America was dismissed in accordance with the stipulations on file.

In the assumpsit suit of the Grain and Supply Co., of Neeleyville vs. James E. Bennett & Co., motion was made by the defendant for rule on the plaintiff to file replications, special pleas and this motion was overruled. The defendant excepted.

In the assumpsit suit of Jesse W. Hankins vs. George Wood, leave was granted the plaintiff to file additional counts.

In the habeas corpus proceedings of Laura Hedrick vs. Edward L. Hill, the petition was dismissed on motion of the petitioner without prejudice.

Chancery.
In the partition proceedings of Emma Mansfield et al. vs. Emily Cox, et al., rule was made requiring the complainant to close taking of testimony by and rule on the defendants in cross bill to close the taking of testimony before the master in chancery was vacated and set aside.

The report of J. B. Beekman and R. S. Wood as executors of the will of James Wood, was ordered recorded and petition was received asking for the appointment of a co-trustee.

In the suit of Noah T. Hudson, et al. vs. John Garvin, et al., to set aside will, leave was given the executor, Charles A. Johnson, to withdraw his answer and leave was also given the executor to file certain pleas.

In the partition suit of Arthur M. Masters vs. Mary Masters Newcomb, et al., the cause was referred to the master and rule was made on the complainants to close the taking of testimony before the master by April 20, and the defendants by May 9.

In the bill of interpleader of U. J. Sinclair et al. vs. Norman Dewese, et al., brought to settle the question of a real estate

commission, the decree rendered was approved and the cause stricken.

In the partition suit of Cora E. Hart vs. Helen Decker, et al., the master's report of final distribution was approved and the cause stricken. A like order was entered in the partition suit of Clara Campbell, et al., vs. William Henry Campbell et al.

In the partition suit of Reon Overby vs. Lucy McKerral, the master's report of sale was filed and approved.

In the partition of Anna Deters et al. vs. Lillian Deters, the report of final distribution was filed and approved.

In the bill brought by the International Harvester Co., vs. Thomas Hawks rule was entered requiring the plaintiff to file cross bill by May 10.

In the partition suit of Owen Rowley et al. vs. Mary Koreger, et al., leave was granted the complainant to file amended bill by the first day of the next term of court.

In the divorce suit of Joseph Ridder vs. Caroline Ridder, the decree was entered, granting the complainant divorce on the ground of desertion.

In the partition proceedings of Milton E. Trotter vs. Venetta G. Basey, et al., the master's report of final distribution was filed and approved.

In the partition suit of Frank Tendick et al. vs. Beatrice Tendick, the master's report of sale was approved and the decree entered providing for distribution.

In the partition suit of Eva Lazenby, et al. vs. John Lazenby, the master's report of sale was approved.

In the bill of Sylvester Sheppard vs. Pearl Gunn, et al., order of dismissal was made on motion of the complainant.

**LAW ENFORCEMENT
THEME OF DISCUSSION**

At a recent meeting of the Jacksonville Ministerial Association, State's Attorney Carl E. Robinson made an address on law enforcement. Mr. Robinson said that apathy on the part of the public—that is, unwillingness to co-operate for law enforcement—is usually responsible for violations of liquor or gambling laws or other laws of like kind. The state's attorney outlined some of the special difficulties in complete enforcement of such laws.

**VISCOUNT ASTOR
RESIGNS SECRETARYSHIP**

London, April 5.—The resignation of Viscount Astor as parliamentary secretary to the ministry of health is officially announced. Viscount Astor has been in Egypt and is reported to be suffering from lung trouble.

Viscount Astor is the son of the late William Waldorf Astor. He succeeded his father on the latter's death, in 1919, in the title of Viscount Astor of Hever Castle.

**GOVERNMENT BREATHE
EASIER AS HE LEAVES**

VIENNA, April 5.—(By The A. P.)—Announcement was made this evening by the foreign office that former Emperor Charles, who had been at Steinau, arrived today at Fehring, where he went aboard the Austrian train bound for Switzerland.

Charles entered his compartment in the train at 2:45 o'clock this afternoon, having had to await the arrival of the train at Fehring for some time.

In the meantime he had remained in the private car which had brought him from Steinau.

The train left Fehring at 4:30 o'clock this afternoon and it is reported that the former monarch will reach the Swiss frontier early Wednesday.

The Viennese government is breathing easier since Charles has started on his return to exile. His visit however has resulted in two portfolios being vacated. Minister of War Muehler and Minister of the Interior Glaz having resigned. Both of objected to a Volkswehr guard being placed over Charles, claiming this was an indignity to the former emperor.

**DECIDE SECTION OF
LAW UNCONSTITUTIONAL**

Springfield, Ill., April 5.—The Illinois supreme court in a decision handed down today held as unconstitutional section 15-1-2 of the bank law of 1919 which prohibited persons or concerns dealing in foreign exchange from styling themselves "banks." In rendering its decision the supreme court affirmed the judgment of the circuit court of Cook county. The case involved was one in which former Governor Charles S. Deneen appeared as counsel for persons who attacked the one section of the 1919 law. No other sections were affected by the supreme court's ruling.

**FRANCE SHOWS LOSS
IN POPULATION**

Paris, April 5.—France has lost approximately five and seven-tenths per cent of her population since the 1911 census, according to the early returns of the 1921 census. In a fourth of the population area including the city of Paris, and eighteen departments, three departments showed a total gain of 40,000, while fifteen departments lost 417,000. Paris, which was believed to have greatly increased, was found to be almost stationary.

**LABOR SITUATION
IN TURIN ACUTE**

Turin, Italy, April 5.—The situation created by the dismissal of workmen in the F. I. A. T. works is becoming extremely acute. The prefect of Turin has endeavored to mediate, but without success, representatives of workmen desiring first to consult the members of the union. Negotiations therefore will not be opened before Tuesday or Wednesday. The situation is rendered more tense by the fear that it might lead to renewed occupation of the works by the men.

**INDIANA IGNORES
PROPOSED BLUE LAWS**

Kill Picture Censorship Bill — Measure Covering Automobile Banditry is Passed.

Indianapolis, Ind.—(By The A. P.)—Two hundred and eighty new laws resulted from the introduction of eight hundred and thirty-two bills—465 in the house and 367 in the senate—in the 1921 session of the Indiana legislature. The session, the 72nd, was marked by effective opposition to extreme regulatory measures and a proposed extension of blue laws was left to die in the house.

Governor McCray counseled judicious scrutiny of all proposed legislation and enactment of few laws in his message and at the close of the session he expressed himself as well pleased with the consideration given his advice. The governor vetoed six measures and refused to receive 15 others in the final rush.

Treatment of the crime wave occupied much time in the session. A new crime, defined as "automobile banditry," was covered by a statute which provides penalty of three to five years for first offense and ten to twenty for a second. Use of an automobile by two or more persons to accomplish a crime or to escape from the scene of a crime constitutes automobile banditry under the Indiana law.

Severe penalty for robbery with a deadly weapon is contained in another new law. For the first offense ten to twenty years is prescribed and for the second, life imprisonment. A determined effort was made to prescribe life imprisonment for the first offense of highway robbery or burglary, but it failed.

Indiana followed the lead of a number of other states in adopting optional commission or commission manager forms of government for cities. The law was patterned after statutes of other states and contained no original ideas.

Kill Picture Censor Bill.

One of the hotly contested struggles of the session centered about a motion picture censorship measure. Three were killed in the senate, one providing for censorship and registration of films by the state board of education and another providing for appointment of a board of censorship. A measure similar to the latter was passed by the lower house but killed in the senate. An amendment to bring the state's "blue laws" up-to-date and to leave no loophole for Sunday movies or baseball was never handed down on third reading.

Measures sponsored by women's organizations did not fare well, although for the first time in the history of woman, Mrs. Julia Nelson, of Delaware county, sat as a member of the Indiana house of representatives. A strong campaign was made for a nine-hour day for women in industry but the bill was killed in the house.

Labor policies in the assembly were not pronounced. A state constabulary bill, opposed by labor was beaten as was an anti-picketing bill. On the other hand full train crew laws were repealed culminating a struggle which lasted for more than ten years.

Retain Direct Primary
Supporters of the direct primary system won a victory when the fight for a repeal was relinquished after a test vote in the senate.

The state public service commission was made the target for vigorous attack in the lower house but a bill to abolish the commission was beaten on second reading.

Perhaps the most unusual law enacted was the indigent parent measure. It provides penalty of fine and imprisonment not to exceed six months for failure of children to support their poverty-stricken parents in the event they are able to do so.

An echo of rural fouds was discerned in the James law which makes possible criminal prosecution of owners of turkeys, chickens, ducks and geese, which trespass on the land of others.

**COLLEGE WOMEN TO
FORM LIBERAL CLUB**

Coebridge, Mass.—(By The A. P.)—Representatives of women's college will take an active part in a convention to be held at the Harvard union are meeting for the purpose of organizing an Intercollegiate Liberal club. Radcliffe is taking the lead among the women's colleges in promoting the movement, which originated with the Liberal clubs of Harvard and Radcliffe.

Colleges which already have accepted invitations to join in the organization are Harvard, Princeton, Brown, Tufts, Boston University, Radcliffe, Wellesley, Jackson, Goucher, Wheaton, Vassar, Mount Holyoke and Barnard. The plan is for a central organization, with self-governing clubs in the individual colleges.

The purposes of the proposed club are announced as "the cultivation of the open mind" and "the development of a formed student opinion on social, political, industrial and international questions." Leaders in the movement assert that the new organization will be "non-propagandist" and "tied to no isms."

Among the speakers announced for the organizing convention are President (Emeritus) Charles W. Eliot, of Harvard; President LaBaron R. Briggs of Radcliffe; President Henry N. MacCracken of Vassar; Senator Ladd of North Dakota and Walter Lippman, editor of the New Republic.

Eastern Metropolis Contains Many More Just Like Him

**THEY WON'T ADMIT

(By The Associated Press)
NEW YORK, April 5.—Unfamiliarity with the identity of Professor Albert Einstein was the explanation given by Alderman Bruce M. Falconer for withholding his vote today on a resolution in the board of aldermen, extending the freedom of the city to the noted propounder of the theory of relativity and other prominent Zionists who arrived recently.

Passage of the resolution required a unanimous vote of the board, but the alderman's persistent opposition defeated it. Had he known who Professor Einstein was, Alderman Falconer explained after adjournment, he would have voted in favor of the honor. Mayor Hylan later called a special meeting of the board for next Friday to consider the resolution.

Soon after Mayor Hylan had officially received the delegation of Zionists in the city hall and had addressed them warmly on the movement to establish a Jewish national home in Palestine, the resolution was presented to the board of aldermen.

Enraged over the alderman's resistance, several aldermen threatened to do him physical harm, but Alderman Shiplacoff, Socialist, calmed their anger with the remark that "Alderman Falconer has a right to be foolish if he so desires."

**MUSIC TEACHERS HOLD
SECTIONAL MEETINGS**

St. Joseph, Mo., April 5.—Sectional meetings occupied the attention of delegates to the fourteenth annual music supervisors' conference at the initial sessions today. Singing of patriotic songs, led by R. N. Carr of Kirksville, Mo., opened the conference. The program included addresses by John Beattie, Grand Rapids, Mich., president of the conference, and Professor B. T. Baldwin, of the bureau of welfare, University of Iowa, Iowa City.

**Abundance of Clean Clothes
without hard work or trouble**

In Grandmother's time dainty things had to be cleansed by dipping them up and down in warm suds. Today the Eden washes our frailest garments in exactly the same way and with the same care and gentleness. The Eden also cleanses perfectly the heaviest blankets, linens and all washable household articles without the work and wear of rubbing.

There is more to be considered in a washing machine than just washing. The Eden has many exclusive features that have been added and perfected through its eight years of successful operation in the home.

The Eden does more than wash clothes, blankets and other things immaculately clean and without wear or injury. Every part is designed as though it were the only part—it is built to give a lifetime of satisfactory service.

The Eden safely Swinging Wringer automatically locks before the rollers can start and swings into five convenient positions only

when the rollers are stationary—an exclusive Eden safety device.

The Eden Sediment Zone makes Eden-washed things cleaner because it catches and holds all loosened dirt as it is flushed out of the clothes and keeps the wash water continually clean and sanitary. The Eden is the only washing machine that has this most essential feature.

You never have to pull the cylinder around to get at the doors of the Eden washer. Eden doors automatically stop at the top.

Two simple levers control the entire action of the washer and wringer. There are no confusing belts, cogs, or bicycle chains to break—no exposed moving parts.

COAL PRICE IS LOWERED IN THIS CITY

Dealers Announce Cut of Fifty Cents Per Ton — Mine Owners Expect Higher Prices Later.

The price of coal in Jacksonville was reduced 50 cents a ton yesterday, dealers having been notified of such a reduction by the mine operators. This fact makes the retail price \$6.50 per ton for Springfield and \$7.50 per ton for coal from the Cartersville district. These prices are \$1 per ton lower than were made during the winter season.

Local dealers yesterday expressed the opinion, based on statements from the mine owners, that the prices this month will be the lowest of the season, and it is now reasonable to expect that the late summer and fall prices will show a distinct advance over the present prices.

WESTMINSTER TO HOLD ANNUAL MEETING

The annual meeting of the membership of Westminster Church will be held tonight. Supper will be served at 6 o'clock by the Ladies Aid Society and the business session with department reports will follow. The supper will be free to members of the church and congregation and all are cordially invited to attend.

The trustees of the church last night in emphasizing that the invitation is cordial said that not even a collection will be taken. The church is just closing a very successful year's work and the meeting tonight will be one of more than general interest.

Do not miss the exceptionally beautiful concert at Music Hall, I. W. C., Thursday, April 14, under the auspices of the Woman's Club.

H-Y CLUB MET

The H-Y club held a regular meeting at the Congregational church Tuesday evening. The membership was largely represented and a very interesting session was held.

Social Events

Mrs. McClellan Hostess at Party Mrs. Hattie McClellan entertained about thirty of her friends last evening at her home on South Clay avenue. The hours were delightfully spent in dancing and in the course of the evening the hostess served delicious refreshments.

H. S. Students Hear Miss Horsburgh

The High School students were given a musical treat Monday afternoon, when Miss Beatrice Horsburgh of the Woman's College faculty, and Miss Sappio of New York played at the regular assembly hour. Miss Horsburgh played several selections for the violin and Miss Sappio delighted her audience with a piano solo. The hearty applause was evidence that the students greatly appreciated the music.

Entertained for Mrs. Roland Tanner

Mrs. P. C. Thompson was hostess, yesterday afternoon, at an informal affair, given in honor of Mrs. Roland Tanner, who is her guest. Mrs. Tanner has many friends in Jacksonville, as her husband was for some time professor of Greek at Illinois College. Professor and Mrs. Tanner now make their home in Granville, O. Mrs. Thompson's home on West College avenue, was bright with spring flowers and the limited number of guests present at this afternoon function were delightfully entertained.

Strawn's Crossing Club Met Tuesday

Mrs. Andrew O. Harris entertained the members of the Strawn's Crossing Country club yesterday afternoon at her home near Alexander. Mrs. Edward Deaton read an excellent paper on "George Eliot, Her Life and Works." Miss Anna McDonald had a very timely paper on the subject of organized welfare work at home and abroad. In answering roll call each member gave her ideas on these topics, which added much to the interest of the discussion. There were several guests from the neighborhood present at the meeting. A very pleasant social hour followed the program.

Hebron Missionary Society Met

The Foreign Missionary society of Hebron M. E. church was entertained yesterday afternoon by Miss Emma Ward, at her home in Sinclair. Mrs. R. W. Robinson was the leader of the day, but as she was unable to be present, the president took charge of the meeting.

"Travels of the Book" was the subject for discussion. The travels of the Bible in foreign countries and the great influence which it has over the lives of people was pointed out in the discussion. The methods of missionaries in taking Christianity abroad was also told. A pleasant social hour followed the program. A thank offering will be taken next Sunday at the regular service.

Home Missionary Society Takes Up Community Work

The Home Missionary society of the Congregational church held a thank offering meeting yesterday afternoon in the church parlors. A most interesting program was given on the subject, "Our Church and Our Community." The program was based on a paper on this same subject, read by Mrs. David Hueston at last month's meeting. The topic was taken up under five heads. First, The Relation of This Church to This Community; second, The Work Done in the Colleges by the Y. M. and Y. W. C. A.; by Mrs. G. H. Scott, who spoke of this work from the standpoint of the College Sunday School classes. Third, Boy Scouts and Camp Fire Girls, Mrs. J. P. Carter. Fourth, The Social Service League, by Miss Lillian Havenhill, and, fifth, What Are We Doing for the Dis-

abled Soldiers? by Mrs. Eugene Keefe.

The discussions proved very interesting and inspiring to all who are giving thought to community development. The afternoon ended with a very pleasant social hour.

Mrs. T. P. Carter was the chairman of the day, and she was assisted by Mrs. Hueston and Mrs. D. B. Hutchinson.

Missionary Society Hears Mrs. La Mance

The Woman's Foreign Missionary society of Grace M. E. church met yesterday afternoon at the home of Mrs. M. E. Gilbert, on South Prairie street. Following the usual devotions, there was an interesting study hour, in charge of Mrs. F. C. Lambert. The Study Book, The Bible and Missions was used and the chapter for yesterday's discussion was "The Influence of the Bible on Civilization."

The society had the privilege of having as a guest Mrs. Billy La Mance. She spoke to the ladies and in a very short but exceedingly interesting talk told of some of her experiences in missionary work.

There were several much appreciated musical numbers given. A pleasant social hour ended the afternoon and the hostesses served dainty refreshments.

Assisting Mrs. Gilbert as hostesses were Mrs. Wilbur Johnson, Mrs. Clarence York and Mrs. W. O. Baumgartner.

AGED RESIDENT OF WOODSON PASSED AWAY

Mrs. Frank Smith Died at Early Hour Wednesday Morning—Was Resident of Woodson Neighborhood for Many Years

Mrs. Frank Smith, one of the long time residents of Morgan county, passed away at 1:25 o'clock this (Wednesday) morning at her home in Woodson. The deceased had been an invalid for almost two years past. On last Friday she suffered a stroke of paralysis and has been gradually growing weaker since that time until her death came as noted.

The deceased was seventy-seven years of age and was born in Ohio. She had been a resident of Morgan county for more than fifty years past, having spent the entire period in the Woodson neighborhood. Twelve years ago the family home was removed to Woodson, where the deceased has since resided.

Mrs. Smith is survived by the following sons and daughters: Mrs. James Hitch, Woodson; Mrs. Louis Biggs, Jacksonville; Mrs. George Winter, residing southeast of Woodson; Clyde Smith, Woodson, Charles who lives west of the city, Clifford of this city. She leaves also one sister, Mrs. Belle Smith of Woodson and one brother, Samuel Wilson of Dawson.

Funeral arrangements have not yet been completed.

WILL VOTE ON TAX FOR TUBERCULOSIS SANITORIUM

At the judicial election which will be held June 6 the people of Morgan County will be called upon to vote on the proposition as to whether an additional tax shall be assessed for the completion and maintenance of the county tuberculosis sanatorium.

The resolution which the county commissioners adopted sets forth the fact that the sanatorium has been built but is not properly equipped and that to secure necessary equipment will mean the levying of a tax of 50¢ on each \$100 valuation of property for a period of the next five years.

LIVES ARE LOST IN OKLAHOMA FLOOD

Oklahoma City, Okla., April 5.—With first reports of loss of human life in the flood condition which prevails in counties in Western and Southwestern Oklahoma, including Harmon, Kiowa and Custer, contained in a report from Hollis, Harmon county that two lives were lost near there, known damage from a cloud burst last night is increasing heavily.

With the repairing of telephone and telegraph lines it was learned that railroad and other traffic in that section is demoralized.

Loss of livestock near Hobart, Kiowa county is reported as totalling hundreds of head.

AMERICAN LEGION IN BUSINESS SESSION

Plans for Coming of State Commander W. R. McCauley Discussed at Meeting Held Tuesday Evening—Memorial Day Plans Begun.

The regular business session of the American Legion was held Tuesday evening at the Elks club rooms. Among matters discussed was the coming of William R. McCauley, state commander, who will visit this city on Friday, April 22. There will be an open meeting on that occasion and this will be followed by a banquet at 8 o'clock for Legionnaires, their families and friends. It is planned to have a public meeting at an early evening hour, as Mr. McCauley will leave the same evening for Springfield.

At last night's meeting preliminary plans for the observance of Memorial Day were discussed. The poppy has been chosen as the official flower and large numbers of artificial poppies are to be distributed among Legionnaires and their friends, to be worn on Memorial day. A committee is to be appointed at an early date to arrange a suitable program for that occasion.

It was announced that the regular business session two weeks hence will be postponed on account of the coming on April 22 of Commander McCauley.

TAX RATES IN EARLIER YEARS

Forty years ago taxes in Jacksonville were not nearly so high as at present, but then the taxpayer did not expect so much from municipal and county government. An old clipping just brought to notice gives some facts about the tax rates for the year 1882 as applied to Jacksonville and Waverly. It is noticeable that the rates as applied to Waverly are just as high at the present time. In the list given the school tax for Jacksonville was not included.

M. W. A. CONVENTION WILL BE HELD TODAY

The all-county convention of Modern Woodmen will be held this afternoon at Woodman hall, in accordance with the call issued by J. Earl Vasconcellos, who is clerk of Camp No. 912. It is expected that all of the camps in the county will be represented today, when delegates to the state convention which is to meet in Galesburg in May will be selected. Some other matters of business will also be discussed.

GOOD ROADS MEETING WAS POSTPONED

The good roads meeting announced for the court house last night was not held. W. E. Sullivan, president of the association, is confined to his home by illness, and on that account Stuart Pierson and Jack Wilson of Carrollton, identified with the Mississippi Valley Highway, who expected to come and tell about the work of the association, decided to postpone their visit to another date.

WITH THE SICK

Russell Brookhouse of Mercedesia submitted an operation for appendicitis at Passavant hospital Tuesday.

Anderson Banks is ill at his home on South West street. John Roach who has been ill at his home for several days was able to resume his position at Merrigan's Confectionery store yesterday.

Floyd Short of Murrayville is a patient at Our Savior's hospital, following an operation. Mr. Short is getting along in a satisfactory manner and will probably leave the hospital soon.

Charles Patton, chief clerk for the School for the Deaf is confined to his home by sickness.

SPECIAL TRAINS FOR ROTARY CONVENTION

Between 1,500 and 2,000 Rotarians are to attend the district convention in Peoria, April 12 and 13. The effort has been made for some time to secure a special train between Peoria and Jacksonville to enable the Jacksonville Rotarians to return on the Hummer which reaches this city at 11:30 p. m.

The committee of which R. Y. Rowe is chairman, announced yesterday that the arrangements had been completed and that the train will make it possible for local Rotarians to spend the entire day April 14 in Peoria and return on the midnight train.

MUSICIANS' DANCE WAS BIG SUCCESS

Members of Musicians Local No. 128 gave a dance in Armory hall Tuesday night which proved most successful in every way.

Two full orchestras furnished music and there was continuous dancing thruout the evening. Two hundred and seven couples were present.

Adam Ehrhott and Glenn Skinner had charge of the dance and are to be congratulated that it was such an unqualified success.

SUIT IS BROUGHT TO QUIET TITLE

A bill to quiet title has been brought in the circuit court by Carl E. Robinson as attorney for Mrs. Roxanna Goltra Catlin et al. The defendants named are Thomas T. January et al. The suit is brought to correct the record as to lot 9 in block 10 and also lot 8 in block 9 of the City addition to the city of Jacksonville.

The complainants are Mrs. Roxanna Goltra Catlin, Margaret Goltra, Cornelia Goltra, Minnie Goltra, Walter Ayers, Margaret Ayers, G. Parker, James Stout, Margaret Keefe, Rose C. McEvoy, John W. Clary and Frederick W. Mollenbrock.

The proceedings relate to properties fronting on West State, West North and Lafayette avenues. The first transfer of the property was made Jan. 14, 1837, when James and Elizabeth Dunlap conveyed the property then containing 6 2-3 acres, to Thomas T. January et al. Because of certain errors of record, the bill names Thomas T. January the wives of Joseph Heslep, Erasmus W. Palmer and William Palmer as defendants.

FRANKLIN TIRE THEFT CASE HEARD HERE

Merrill Sublett Bound Over to the Grand Jury for Investigation.

In Squire Opperman's court yesterday Merrill Sublett of Franklin was given a preliminary hearing on the charge of stealing an automobile tire and bound over to the grand jury. The cases against Porter Armstrong, Clarence Kinney and Ivan Gray, who were charged with complicity in the affair, were dismissed.

Sublett was represented by W. W. Wright and the other defendants by Wilson & Butler. State's Attorney Robinson had charge of the prosecution.

It was the night of March 17 that T. J. Leahy of Pleasant Plains drove to Franklin to attend a play there. He was in his father's car and after the performance found that his extra tire had been stolen. The evidence against Sublett seemed to be of a conclusive kind yesterday as one witness told of the young man's having acknowledged the theft of the tire and his desire to sell it. Delbert Sublett, father of the accused, charged the other young men with being implicated in the wrongdoing. A great many from Franklin attended the trial.

SCHOOL IS CLOSED.

School was closed at Nortonville yesterday and a basket dinner was served at noon. All the children and a large number of parents and friends were present. Miss Esther Seymour is principal of the school, and Miss Hattie Buchanan the teacher.

SOLDIERS GRAVES IN GREENE CO. SOUGHT

Effort Being Made to Locate Graves of Veterans in Greene County Cemeteries.

White Hall, April 6.—Dr. James Squire, commander of the G. A. R. post at Carrollton, who for years has looked after the marking of soldier graves in the vicinity of Carrollton, finds it quite difficult to locate the graves of some soldiers for which he has received government markers. His communication on the subject grows out of a request from White Hall for him to secure a government headstone for the grave of Thomas T. Martin, an old resident of White Hall, located on the Winn lot in the Carrollton cemetery.

Dr. Squire requests that the entire matter be handled from White Hall, where relatives or friends will see to its erection. He writes: "The placing has been my most difficult task. I'll tell you that I have several headstones here now and have been for years, and I cannot get any relatives or friends to place them."

BLACKHEADS GO QUICK BY THIS SIMPLE METHOD

Blackheads—big ones or little ones—soft ones or hard ones—on any part of the body, go quick by a simple method that just dissolves them. To do this get about two ounces of calomite powder from your druggist—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly for a few seconds—and wash off. You'll wonder where the blackheads have gone. One calomite powder and the hot water have just dissolved them. Pinching and squeezing blackheads only open the pores of the skin and leave them open and unsightly—and unless the blackheads are big and soft they will not come out, while the simple application of calomite powder and water dissolves them right out, leaving the skin soft and the pores in their natural condition. You can get calomite powder at any drug store and if you are troubled with these unsightly blemishes you should certainly try this simple method.

J. H. S. EXHAUST AWARDS IN PRIZE CONTEST.

The J. H. S. Exhaust, the snappy weekly publication of the high school, has been conducting an essay contest and this week the prize is to be awarded. To the student who wrote the best essay on the subject which he likes best in high school goes the prize of a pound box of chocolates. Dorothea Pierson received the first prize for her essay on English. The judges the members of the editorial staff of the Exhaust, made the award because of the excellent thought and preparation shown in the essay, as well as the sound logic which it displayed. The second prize was won by William G. Wood who wrote a splendid essay on "Latin." Many of the students took part in the contest thereby showing their ardent interest in the work of the school paper.

The essays were all good and the judges found it a hard task to pick out the two best ones. The prize awards will be made sometime during the week.

Goodyear MILEAGE

Costs Less Today than even before the War

Over the past few years, you have seen GOOD-YEAR TIRES win steadily upward step by step to a positive leadership.

How effectively and consistently GOOD-YEAR has counteracted the situation is shown in the present price of Goodyear Tires, now only moderately higher than in 1914 and actually lower than in 1919.

Because it is well and widely known that GOOD-YEAR mileage is maximum mileage obtained at maximum cost more people ride on GOOD-YEAR TIRES than on any other kind.

GREENE COUNTY FRUIT CROP PROSPECTS
Spraying Operations in McClay Orchards Suspended Because of Uncertainty of Crop Prospects — Farmers Reseed Oats.

White Hall, Ill., April 4.—So uncertain are the prospects for an apple crop in this extensive producing region that spraying operations in the McClay orchards were suspended this morning and a force of twenty-five men laid off for the period of two weeks to determine the advisability of spraying. It requires an outlay of \$15,000 to spray the 1,180 acres of bearing trees of the McClay orchards, and this outlay will be avoided if observation determines that the crop is practically ruined.

A number of farmers are discarding and reseeded oats, the damage to this crop by the Easter freeze being conservatively estimated at 25 per cent. The supply of seed at the farmers' mill has been exhausted, and another carload is en route. Wheat on the strong bottom ground, where it had jointed and become rank, is practically killed, but elsewhere the wheat damage is not calculable. A sample of the bottom wheat was sent to the Chicago board of trade to demonstrate the effect of the freeze on jointed wheat.

This evening at K. of C. hall there will be a benefit entertainment under the auspices of the Catholic Ladies' Aid.

A NURSE'S ADVICE
Hoopeston, Ill.—"It is with pleasure that I recommend Dr. Pierce's medicines, especially the Favorite Prescription for women who are suffering or for prospective mothers, to build up the nervous system. I have taken it myself as it was very beneficial, and I have recommended it to my patients, many of whom have also been benefited. Dr. Pierce's medicines are worthy of all the praise I can give them. I put them ahead of all other ready-prepared medicines, knowing them to be pure and that they do not contain any injurious drug."—MRS. LYDIA LOWE, Box 65.

AN OLD-FASHIONED HERBAL TONIC
Springfield, Ill.—"I consider that Dr. Pierce's Golden Medical Discovery has great healing and strength-restoring qualities. I was stricken with measles and as is often the case with an adult, it went hard with me, my lungs were sore and I did not know what the consequence might be. I had heard of the 'Golden Medical Discovery' and believed it would bring me back to health again. After using one bottle all distress and soreness left me."—CHAS. HAYS, 2227 E. Capital St.

Dr. Pierce's Golden Medical Discovery, made from wild roots and barks, and free from alcohol or narcotics, is sold by all druggists.

Send 10c to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for a trial pkg.

What Women Are Doing

Minnesota Delegates to Have Private Conference

Minnesota has pledged her full number of delegates, alternates and committee chairmen for the second annual convention at Cleveland, April 11-16, and expects to arrive in Cleveland in a private car, possibly part of a train if the Illinois and Iowa delegations join forces. Mrs. James Paige, Director of the 5th Region, has stirred the enthusiasm of the six states forming her Region, and reports splendid representation from all of them. Minnesota will send a delegation of fifty or more.

The Minnesota delegation is planning to produce a comedy, "Lulu Won't Do," for the convention's entertainment. The play is from the pen of Mrs. C. E. Chorpennning, teacher in the Winona Normal school, a well known writer who has produced several plays. "Lulu Won't Do" deals with an amusing situation surrounding the appointment of a woman in the Department of Labor. The play is full of clever lines and sparkling wit, but beneath it all is the realization that "there's a reason" for Mrs. Chorpennning's last play.

Mrs. Eugene Dieudonne, of Minnesota, who brought the Resolution of Presidential Vote to Washington, will be a delegate to the convention at Cleveland. Mrs. Dieudonne who is chairman of the Child Welfare committee of the state league of women voters is particularly interested in child welfare work and is secretary of the Waseca County Child Welfare board.

Florida to Hold Its First Conference of State L. W. V.

The Florida League of Women Voters will hold its first organization conference at Jacksonville on March 31st. Mrs. Julian E. Salley, of Alton, S. C., Director of the 3rd Region, and Mrs. Solon Jacobs, of Birmingham, Ala., Secretary of the National League will speak. Mrs. J. A. Corbett, of Jacksonville, the state chairman, will preside at the conference.

Yale Offers Citizenship School to Conn. L. W. V.

Yale, following the lead of

other great universities of the country which have held citizenship extension courses, has offered a week's citizenship school to the Connecticut League of Women Voters. Members of the faculty and other prominent speakers will conduct the various sessions of the school, which will be held in October just before the regular college term begins. The University has most generously thrown open its lecture rooms for the various classes and members of the faculty, who are taking great interest in the new venture, have volunteered their services. With such an opportunity the women of Connecticut are planning to attend in large numbers.

Experts Prepare American Citizenship Com. Program

The American Citizenship Committee program which will be submitted to the convention at Cleveland on April 11-16 has been prepared by Miss Esther Lape, Chairman of American Citizenship for the New York State League of Women Voters. As Miss Lape will be unable to attend the convention in Cleveland, Mrs. Frederick P. Bagley, of Boston, Mass., National Chairman of the committee, will preside at the conference and present the program as decided by the conference, to the convention.

Among the interesting features of the demonstration of citizenship work with foreign-born women, Mrs. Helen Horvath of the Cleveland Board of Education will bring a group of foreign-born women to the conference and will demonstrate methods and results. Independent citizenship for women will also be discussed, as will ways and means of securing the interest of foreign-born women (especially those who speak some English) in the program of the League of Women Voters. Common membership and common interests as to the most effective means of Americanization will also be taken up at the conference.

Ladies of the Maccabees to be Represented at N. L. W. V.

Dr. Blanche Haines, the great

medical examiner of the Ladies of the Maccabees, will be a delegate at the second annual convention of the National League of Women Voters in Cleveland, and will represent the Ladies of the Maccabees.

Massachusetts L. W. V. Prepares Year's Program

The Boston League of Women Voters will hold its annual convention on March 31st and prepare its program of work for the year. Mrs. George R. Fearing, Jr., State chairman of the League of Women Voters, who will preside at this convention, is a delegate to the national convention which will be held in Cleveland April 11-16. Other Massachusetts delegates not already announced are: Mrs. Frederick P. Bagley, Mrs. Paul Reed, Mrs. Samuel Woodward, Miss Rachel Woodson, Mrs. Henry L. Patrick.

The Child-Welfare Committee of the Massachusetts Women Voters is to hold a meeting and luncheon on April 5th to discuss its program for statewide welfare educational work thru its local leagues. "O.S. Idea is," explained Miss Barrows, "that if we can interest women in the health problems of their communities it will perhaps be an entering wedge for intelligent citizenship in the smaller places throughout the state." It is possible Miss Barrows may attend the national convention in Cleveland April 11-16.

Illinois L. W. V. to Send Big Delegation to Cleveland

Mrs. Henry Cheney, State President of the Illinois League of Women Voters, heads the delegation of distinguished women who will attend the second annual convention of the National League of Women Voters at Cleveland April 11-16. Other delegates are: Miss Mary E. McDowell, Chairman of the National Committee on Women in Industry; Mrs. Catherine Waugh McCulloch, Chairman of the National Committee on Unification of Laws; Dr. Rachelle S. Yarrow, state chairman of the committee on the Legal Status of Women for the Illinois League; Mrs. William S. Hefferan, State Chairman of American Citizenship Committee and Vice-Chairman of the Illinois League; Mrs. Florence Bennett Peterson, State Chair-

man of Committee on Research for the Illinois League; Mrs. James W. Morrison, Second Vice-President of Illinois League; Mrs. E. S. Coolley, Vice-President Vermilion Co. League of Women Voters and member of Board of Directors of Illinois League; Miss Jennie Blufford, Supervisor U. S. Interdepartmental Social Hygiene Board of Illinois; Miss Grace Abbott, Executive Secretary of Illinois Immigrants' Commission and member of the Board of Directors of Illinois League; Mrs. Julius Reynolds Kline, member Board of Directors of Chicago League; Mrs. W. H. Hess, President of 6th Ward Civic League; Mrs. Robert D. Cunningham, former President of Evanston Political Equality League; Dr. Rowena Morse Man, Unitarian Minister.

Women in Industry Committee Prepares Convention Program

An unusually interesting program has been arranged by the chairman, Miss Mary E. McDowell, for the conference and dinner of the Committee on Women in Industry and not a minute is to be wasted at the convention of the National League of Women Voters at Cleveland.

Experts on every phase of the subject will be present to assist in the free discussion of "The Shorter Day for Women;" "The Mother in Industry;" "The Women in Civil Service;" "Industrial Education for Women;" "The Minimum Wage;" "Prohibition of Night Work." Among the speakers are Miss Grace Abbott, Secretary Illinois Commission on Immigration; Miss Agnes Nestor, Illinois Women's Trade Union League; Mrs. Raymond Robins, President International Congress of Working Women; Miss Mary Drier, New York.

Dr. Alice Hamilton, lecturer on Industrial Hygiene at the Harvard Medical School and the first and only woman on the faculty of Harvard University, will be among those who are to lead in the discussion of the health of women workers, the effect of long hours, of monotonous work, of dust and gases upon their health.

Discussion of Industrial Management will be led by Miss Mary B. Gilson of the Clothcraft Shops of Cleveland, Superintendent

of Employment Service; Mrs. Helen Woolley of Cincinnati, Vocational Education Bureau of the Cincinnati Public Schools; Minimum Wage, by Miss Jeanette Rankin, former member of congress from Montana, and Miss Mary Anderson, Woman's Bureau of the Department of Labor; "Collective Bargaining by Women;" and "Collective Bargaining by Men and Women Together" are two interesting topics which will be discussed.

For the conference dinner Miss McDowell has secured as the principal speakers Miss Mary Van Kleeck, of the Sage Foundation, formerly head of the Woman's Bureau, and Mr. Manly O. Hudson, Harvard Law School, Harvard University, who will speak on "Women in Industry—A World Problem."

PRISONER SAYS "GOOD DAY," WALKS OUT—Belfast, Ireland.—(By The A. P.)—An important prisoner named Beglan walked out of the military barracks here the other day without interference from his guards whom he had a pleasant "good day."

Beglan had been "on the run" and was regarded as a prize capture. Taking advantage of the presence of a number of visitors at the prison, he is reported to have shaved off his mustache, donned false side whiskers, and possibly smuggled in to him a joined, the visitors as they departed.

On the way out, Beglan thanked the sergeant of the guard for prolonging his visit.

PROTECT THE FISH

Attention is called to all love of fishing that many small, well as large fish are now being taken from Mauvaisterre at Nichols park lake. These fish should not be disturbed until the spawning season is over. By operation on the part of a small boy as well as every one else concerned it will not be before Jacksonville's lakes will be noted for the splendid fish they will afford everyone.

Alger Was Wrong!

Horatio Alger, the well-known author of boys books, always depicted bank officials as gentlemen who went around with mutton-chop whiskers and a benevolent smile, turning helpless widows and struggling orphans out of their homes. He was very much mistaken.

Bank officials of this day and age are very human folks. They greet you with a smile and a hand-shake, and always have a nod for you when they meet you on the street. You see, their success depends on good will just as much as does the grocer's. We think officials here at the Farrell State Bank are a little more cordial than the average, even. We'd like to have you meet them!

SOVIET GOVERNMENT CARES FOR CHILDREN

However, it is Only That the Children's Mothers May Work—Have Children's Gardens.

Philadelphia—Children's gardens or colonies, in which boys and girls between the ages of three and eight years are kept through the day at public expense, constitute one of the most interesting phases of the Soviet government in Russia, according to information received by the American Friends Service Committee.

Arthur J. Watts, English friend, who with Anna J. Haines, of Moorestown, N. J., is in Moscow inspecting institutions and distributing supplies for the American committee describes these colonies in a report just received here.

Mr. Watts says that more than 250,000 children are registered in children's gardens in various parts of Russia. Some of the gardens have nearly 1,000 children enrolled. They go in the morning to the gardens, which would be called a playground in America, and remain there through the day. They attend classes, exercises, play games, eat lunch and supper and return home at night. Relieves Mothers.

WELCOME ANNOUNCEMENT TO MANY THAT DRECO IS BACK TO OLD PRICE

Can Now Buy Your Favorite Remedy at "Before War" Price—Economical Enough For Whole Family To Take a Thorough Treatment

Right in the "nick of time" when everyone begins taking their Spring medicine, Dreco drops back to "before the war" price, which will save many a dollar for the citizens of this city. This makes Dreco so economical that every member of the family should take the treatment. Dreco is the same reliable remedy it has always been, if anything its better, for there is no alcohol in it now but has the same roots and herbs as before. "I've had kidney and bladder trouble for the past six years. Some time ago I had serious attack of Flu and have been unable to regain my health since. A sharp pain settled between my shoulders and traveled down to the pit of my stomach, which at time was terrible," said Miss Della McManaway. "I was like I was paralyzed, got stiff and couldn't move. My stomach and bowels were puffed up with foul gas from undigested food and I couldn't have a natural movement. I couldn't stand up more than a half hour at a time so had to give up my work. "After taking three bottles of Dreco I am free from all pain, never bothered with gas in my stomach and am well and happy. I think it is simply wonderful the way Dreco took hold of me and straightened me out after having been sick for such a long time." Dreco is being specially introduced by Coover Drug Co., and J. F. Shreve in Jacksonville, Ill., and sold by all druggists.

case in the home, says Mr. Watts. For this reason, many patients who might be disciplined otherwise to place their children in these institutions are reconciled to the new system.

Nevertheless, the food problem has been so acute in Russia, owing to war and blockade, that thousands of children in these institutions, which are under government supervision, are underfed and in many cases are reported as starving.

Most of the children of eight years of age and upward are sent to the day schools, where they receive one meal at noon, or to Commune Houses, otherwise known as Children's Houses, which correspond to American boarding schools. Mr. Watts said that 6,000,000 children are registered in day schools where they are taught manual training, such as carpentry, bookbinding, needlework and millinery. There are special schools for instruction in music and art.

All this work is under the direction of the Commissariat for Public Instruction. Its work is supervised or preceded by that of the Commissariat for the Protection of Health which exercises supervision over the health of the child, beginning its work before birth.

Under the Russian system, according to Mr. Watts, a mother who works in a factory is given a furlough of 16 weeks with full pay at the birth of her child—eight weeks before and eight weeks afterwards. Mr. Watts says that rest homes for mothers, maternity hospitals and maternity exhibitions on an extensive scale are included in the Russian scheme of child welfare. The maternity exhibitions are given to show the need of proper care for both mother and child.

Oiling the Wheels of the World

GASOLINE is the major product made by the Standard Oil Company (Indiana) and in the manufacture of this most essential product of petroleum, this Company stands in the lead.

But gasoline is only one of the many products sent to the world with the unqualified guarantee of this organization; for as a manufacturer of lubricants it stands among the leaders.

No service performed by this Company is more important, more essential or more far-reaching than the work it is doing to keep the machinery of the world running smoothly and efficiently.

Of the many lubricating oils and greases sent out under its name, none is more widely known or more universally accepted than those bearing the Polarine brands.

Polarine is a perfect motor oil. It was first introduced to the motoring world in 1908 when 1100 gallons were sold. Year by year the demand has increased until in 1920, 23,979,050 gallons were manufactured and sold to the car owners in the Middle West.

When first introduced there was but one grade of Polarine oil. Now there are four, each designed to meet the need of certain types of engines.

The development of four grades of oil, one of which will correctly lubricate any type or make of internal combustion engine, is but one of the essential services performed by the research department of this Company.

But lubricating motor vehicles is but a small item when the lubricating service of the Standard Oil Company (Indiana) is considered. Every type of machinery has been studied and an oil or grease perfectly adapted to keep the bearings running smooth and cool has been produced.

From the flying spindles of the loom to the ponderous bearings of the steel roller, each problem presented has been met squarely, fairly and with a deep understanding that to meet its needs was not only good business, but was essential if the Company was to live up to the ideals of service to which it is committed.

While lubricating the wheels of the world is highly essential, it is but one of the many branches of service which the Standard Oil Company (Indiana) is organized to perform.

In every department of its complex and highly specialized business, the same ideals of thoroughness, integrity and efficiency are insisted upon. The underlying principle in all is to give a maximum of service at a minimum of expense.

MONARCHY MUST COME FROM WITHOUT

Men Well Versed in Situation Says That Is the Only Way It Will Get Foothold in Austria.

VIENNA, April 5.—(By A. P.)—If monarchism is to come to Austria, it must, like Bolshevism, come from without. This is the opinion of men whose business it is to watch and weigh royalist activity.

That there is royalist activity goes without saying. Carl (formerly emperor) and his followers, the little court of semi and demi and near royalty and aristocratic gentlemen of many nationalities he has about him in Switzerland, still intrigue and plot and perhaps hope. Here and in the other succession states a portion of the old aristocracy and great land owners and military swashbucklers keep up a more or less concealed restoration movement; but and the whole the monarchic sentiment is decaying.

It dies hard because it has powerful support in Austria from sources that come into intimate contact with the people in their daily life, and from exterior quarters as well, but observers say it has lessened decidedly in the past six months.

They attribute that condition to several causes. The royalist leaders are, to say the least, hardly an enticing or very daring lot and also they are sen-

ARKANSAS BOASTS OF ONLY DIAMOND MINE

Was Discovered in 1906 by John Huddleston—Mining Operations Different From Those of Africa.

Murphreesboro, Ark. — (By The A. P.)—The only diamond mine thus far discovered on the Western Hemisphere is located in Pike county, Ark., in which this hamlet is situated. The mine is two and a half miles south of here.

The diamonds are found in a "pipe," the crater of an extinct volcano which ages ago boiled up thru the surface, had its terrific heat chilled by the waters of an inland sea, and left bits of carbon scattered thruout the peridotite which now fills the crater, to be pressed into diamonds by the contraction of the rock. The peridotite forms the original matrix of the diamond, and thus far the only diamonds found in the Western Hemisphere in their matrices are those of Pike county. Diamonds have been found in some twenty-five states, in Canada and South America but always in river beds were, geologists surmise, they have been deposited by glacial action.

First Diamond in 1906.

The first Arkansas diamond was found in 1906 by John Huddleston, then owner of the farm on which the sixty-acre "pipe" is located by accident. Huddleston observed outcroppings of the gray-green rock, since classed as peridotite and came to the conclusion that his hillside contained valuable mineral, perhaps copper. After pecking around without finding anything which looked to him like mineral, he picked up a crystal, and then one day showed it to some friends in Murphreesboro. A Little Rock jeweler pronounced it a diamond and made sure by verification by jewel experts in New York.

The mining operations in Arkansas for several years at least, will be far different from those South African fields, altho the when exposed to the air. In Arkansas deep shafts are sunk, for periods ranging from six to eighteen months. The rock has the peculiar quality of disintegrating, however, except for a few places, the peridotite already has disintegrated to a depth of about twenty feet, and mixed with vegetable matter formed a sticky clay, called gumbo, locally. This over-burden of gumbo will be worked before blasting operations are started.

BLUEJACKET TELLS OF CONSTANTINOPLE

Finds Many Curious Things and Customs in Ancient City—Some Seem Good, Some Seem Bad.

CONSTANTINOPLE, April 5.—(By A. P.)—There are many curious things in this ancient city of the Turp which are unknown to most people. It has remained for a sailor aboard the United States warship Scorpion to classify some of these oddities for the readers of Far Seas, the paper published by American bluejackets in Near Eastern waters.

"Just imagine," he writes, "tying up traffic on the main thoroughfare of a big city during the busiest hours of the day by driving a flock of sheep slowly down the street. But they do it here."

Some alleged strange things done by the Constantinopolitans, he cites as follows:

A street car passenger often bargains with the conductor about the price he will pay for a ride.

If a youth takes a girl to the movies once or twice her parents expect him to marry her.

Turkish saleswomen, even in the smallest shops, are required to understand or speak seven or eight languages.

Native men are accustomed to "rest" a pipe to smoke while they sip their afternoon tea.

A policeman, if he finds a pick-pocket at work, may beat him almost insensibly and then let his prisoner go.

Some Constantinople stores have signs in as many as eight languages over their doors.

A tourist may engage a boatman to row for him for two miles for two or three cents.

As American paper money in Turkey is worth 15 to 20 per cent more than Turkish gold, it is pos-
